

# Local business wins national Bathroom Design award

Local business, Dart Bathrooms Ltd are celebrating their success in winning this year's prestigious national Design Awards in the category for Contract Bathroom Designer of the Year.

The awards ceremony was headed by leading furniture designer and TV presenter Mark Wilkinson and held last month at Lords Cricket Ground in London. Now in its ninth year, the Design Awards received over 300 entries across the main categories so to be voted a winner is a huge achievement for Dart Bathrooms.

Brothers, Jo and Charlie Wilson, set up Dart Bathrooms Ltd in April 2008, since when they have established themselves as the South West's leading specialist contract bathroom merchant. It was their work with Acorn Property Group's Whitehouse Apartments at Watergate Bay, Cornwall that secured their win. Contract bathrooms are designed to appeal to potential house buyers and ultimately assist developers sell properties. So this project was deemed a great success with over 90% of the apartments sold in the first six months since completion in early 2011.

Dart Bathrooms' impressive portfolio of clients and successfully completed projects has led to them being asked to work on projects

across the UK. Jo Wilson says, "our passion and enthusiasm is reflected in outstanding bathroom design, customer service, and attention to detail, and this shows in the results we achieve for our customers. We are genuine specialists in the supply of bathroom equipment to businesses and this award is gratefully received as recognition of this."

Extensive product knowledge, design flair and buying power delivering excellent value to their customers, whether the developer,

hotelier, designer, builder or end customer, have all contributed to their success. They also provide a truly tailor-made service by being involved in every step of the process from creating bathroom designs to a fixed budget, through to briefing the fitter, right through to phased delivery.

Dart Bathrooms have established strong links with leading manufacturers such as Duravit, Villeroy & Boch, Laufen, Vado and Hans Grohe who have appointed Dart Bathrooms as their Contract

Project Partner for their region.

Richard Cleghorn, of Acorn Property Group has worked with Dart Bathrooms on numerous prestigious waterfront developments in the South West over the last couple of years, he adds, "Many congratulations to Dart Bathrooms on this well deserved award. I can only speak highly about the professional service, competitive prices and great attention to detail offered by Jo & Charlie. Dart Bathrooms are always our first phone call for anything relating to bathrooms and we are now working with them on some of our London projects."

Dart Bathrooms are a Dartmouth and South West success story. Despite difficult economic conditions and in only their fourth year, they continue to grow and have now gained national recognition for their hard work.
